Dummy Internal Dome Camera CA9

Installation Instructions

These instructions should be retained in a safe place for future reference.

The Response Dummy Wired Internal Dome Camera is a non functioning unit, although it is identical in appearance to the Response Wired Internal Dome Camera (CA8). It is intended for use as a visual deterrent to assist in the protection of your home or office, etc. The dummy dome camera is easily mounted on the ceiling using the cameras mounting base.

Please read before you start:

Always use discretion when installing CCTV surveillance equipment especially when there is perceived policy. Enquire regarding local regulations applicable to the lawful installation of video recording/surveillance. Third party consent may be required.

SAFETY AND INSTALLATION TIPS:

When installing any CCTV camera(s), always follow manufacturer's advice when using power tools, steps, ladders, etc. and wear suitable protective equipment (e.g. safety goggles) when drilling holes. Before drilling holes through a ceiling check for hidden electricity cables and water pipes. The use of a cable/pipe detector is advisable.

KIT CONTENTS

- 1 x Dummy Dome Camera
- 1 x Camera fixings kit - ceiling plugs and screws
 - For the dome cameras mounting base - 4 x Ø3.5mm x 19mm screws*
 - and 4 x No.7, 29mm ceiling plugs*
