

SO4

Features

- High sound output (up to 125dB)
- Powerful low frequency sound
- Weatherproof to IP55
- Vertical siren for easy mounting
- Low voltage DC and high voltage AC for use in all applications
- Optional anti-icing heater and thermostat available

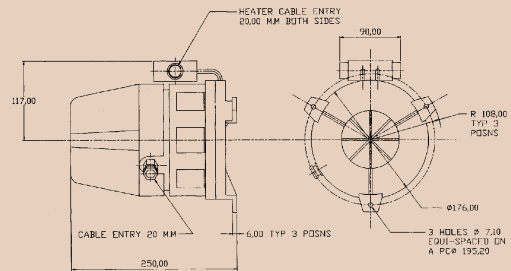

Overview

The SO4 is a weatherproof motor driven siren designed for vertical mounting and designed for outdoor warning over small/medium areas.

Manufactured from cast aluminium, it is rugged in construction, has a continuous rating and is built for a long life outdoors

Applications

- Fire alarm; security alarm; general safety warning; conveyors; process control alarm; vehicle alarm

- Fire
- Security
- Industrial
- Railway/Marine
- Hazardous Area
- Public Warning

| Part No. | Colours | Audibility at 1m | Tones | Voltage | Current |
|-----------|---------|------------------|-------|------------|---------|
| 18-980041 | Grey | Up to 116 dB (A) | 1 | 24V DC | 8A |
| 18-980036 | Grey | Up to 125 dB (A) | 1 | 110V AC/DC | 3.7A |
| 18-980038 | Grey | Up to 125 dB (A) | 1 | 230V AC/DC | 2.1A |

IP Rating: IP55 **Rating:** Continuous **Frequency:** 900Hz **Operating Temp:** -30°C to +45°C
Construction: Cast Aluminium Body, Noryl Rotor **Cable Entries:** 1 **Weight:** 4.5kg
