EURO mini

might in miniature

10 EoL inputs (zones)

10 EoL inputs | Up to 7 programmable outputs | On-board diagnostics | Intelligent set/unset | 1.5A Power supply

The EURO mini is the latest addition to the EURO-MERiDIAN family of control panels which have been designed to meet the demands of end users and installers facing the challenges of the 21st century.

The EURO mini is the ideal solution for your EN 50131-1 Grade 2x domestic and small commercial installations.

The EURO mini, 10 input (zone) control panel offers the reassurance and peace of mind for protecting your customer's property whilst meeting all the relevant standards.

Programming of the EURO mini is the same as the EURO MERiDIAN panels so this is the perfect alternative for your smaller installations.

The slim contemporary LCD keypad with full English text operates the EURO mini and up to 4 of these keypads can be connected to a system.

Castle Care-Tech Limited is a UK based designer of high technology control equipment for intruder alarms and as a leading innovator, Castle has won numerous awards for products and innovation in recent years.

Specification:

End Station inputs	10 EoL
User codes	32
Programmable outputs	7
System logs	500
Power supply unit	1.5 A

EN 50131-1 Grade 2x

EURO ONE IP

- 76 Inputs
- Emizon 21 enabled
- IP and GPRS modules
- LCD Prox Keypad
- EN 50131-1 Grade 4

EURO ONE plus

- 76 EoL & iD Inputs
- Expandable to 280 inputs
- LCD Prox Keypad
- STU footprint

EURO ONE 44

- 44 EoL & iD inputs
- Expandable to 280 inputs
- LCD Prox Keypad
- STU footprint

EURO ONE

- 28 EoL & iD inputs
- Expandable to 280 inputs
- LCD prox keypad

EURO mini

- 10 EoL inputs
- LCD Keypad

EURO accessories

MSX 76 card

Upgrades Euro ONE panel to 76 inputs (zones) Grade 3

MSX 280 card

Upgrades Euro ONE & ONE plus panels to 280 inputs (zones) Grade 3

Contemporary LCD Keypad

In-built Prox Tag Reader, 2 zones, 1 output (transistor or speaker)

Internal Proximity Tag Reader

2 Zones, 1 output
To set / unset system or ward control

External Proximity Tag Reader

1 Zone
For external set / unset with timed LED indication

Relay Module

16 Relay Output Module with LED indication

TMZ2

2 EOL input Expander Module with area sounder output available in metal or poly box with speaker

ZEM 830

8 EOL or 30 iD input Expander + 4 Transistor Outputs in metal box

(Also available on a PSU)

Output Module + PSU

16 Transistorised Output Module with 2.5Amp Intelligent PSU in metal box
