

Sensor-switched outdoor light

## DL Vario Quattro PRO LED

warm white anthracite

EAN 4007841057596

### Function description

Detects precisely where you want it to. No more irritating inadvertent triggering. Four precision infrared sensors guarantee 360° all-round detection and can be adjusted in four directions to accommodate any situation. This makes it possible to define the detection zone with absolute precision. Reach: 2 to 8 m. Clean look without sensor elements to spoil the design because the sensor lenses are integrated into the luminaire diffuser where they are virtually hidden from view – a patented world first! 1430 lm at 14 W. In neutral white or warm white.

### Technical specifications

|                               |                          |
|-------------------------------|--------------------------|
| Dimensions (Ø x H)            | 310 x 69 mm              |
| Mains power supply            | 220 – 240 V , 50 / 60 Hz |
| Mounting height max.          | 6,00 m                   |
| Sensor Technology             | passive infrared         |
| Output                        | 14 W                     |
| Interconnection               | Yes                      |
| Luminous flux                 | 1430 lm                  |
| Colour temperature            | 3000 K                   |
| Colour variation LED          | SDCM3                    |
| Colour Rendering Index CRI    | 80-89                    |
| With lamp                     | Yes, STEINEL LED system  |
| Lamp                          | LED cannot be replaced   |
| LED life expectancy (max. °C) | 50000 h                  |
| Base                          | without                  |
| LED cooling system            | Passive Thermo Control   |
| With motion detector          | Yes                      |
| Detection angle               | 360 °                    |
| Angle of aperture             | 180 °                    |
