

ACL800-BC-USB-B

ACL800 Biometric Capacitive learn-in reader - Fingerprint, Desktop, USB, EM/CASI Prox/HID Prox/ MIFARE Compatible

Product description

ACL800-BC-USB is an USB desktop fingerprint and Proximity/Mifare reader that enables easy fingerprint and card enrollment. The USB desktop reader is used for transfer of the fingerprint to the ACL800 BioManager Software, writing the same fingerprint into a Mifare card, reading the card details and reading the card UID. The fingerprints are stored in the ACL800 BioManager software and can be uploaded in the installed readers, not in the desktop reader.

The ACL800 range

The current ACL800 range is over 10 years old and is due for a refresh. The ACL800 range that consisted out of access readers, keypad readers and request-to-exit sensitive pushbuttons, has been extended with Biometric readers. There are two models, being the swipe and the touch capacitive biometric sensors. They are available in any combination of biometric swipe / touch capacitive, swipe / touch capacitive + keypad, swipe / touch capacitive + proximity reader, swipe / touch capacitive + Mifare reader.

Wiegand range

The Wiegand devices are ideal to be networked by using the TCP / IP to RS485 converter ACL800FL-CONV-W. Up to 31 Wiegand devices can be daisy-chained over RS485 and are managed by the ACL800 BioManager. When you need more devices, then simply add another converter. The access rights can be uploaded from the ACL800 BioManager to all the Wiegand devices connected to the converter. You have the option to either store the fingerprint templates in the reader or on the credential for privacy reasons.

ACL800 BioManager

Fingerprint and reader management software for biometric readers when used with third party access control systems. Fingerprint enrollment is done from any networked biometric reader or from a USB desktop enrollment unit. The fingerprints could be sent to one or all biometric readers in the network. ACL800 BioManager is a free application and also manages the access levels.

Compatible with : Windows 7, Windows 8 and Windows 10.
