

Product Code: CHOICE RSTATWIFI

Description: Wi-Fi control for heating systems

RECEIVER

General Information

Display Backlit LCD

Clock 24 Hour

Heating System Pumped

Transmission

Transmission Frequency 2.4GHZ

Transmission Range 100m Open Field

Construction

Material ABS

Fixing Surface Only

Colour White

Outputs

Total Switch Rating 230V AC, 16A

Programming

Programming Schedule 24 Hour, 5/2 Day and 7 Day Programmable

Adjustment Type Digital Programming with Digital Display
Or VIA App

Set Temperature Range 5°C to 35°C

Power

Operating Voltage 110 ~ 220VAC
5V (Micro-USB)
4 x AAA Batteries

IEC Protection Class Class II

Environment

Ingress Protection IP21

Operating Temperature 0°C to 50°C

Dimensions 124mm x 88mm x 21mm

Features

Room thermostat controlled through APP
Free 'SANGAMO CHOICE' APP with no subscription fees
Monitor room temperature and thermostat activity
100-metre open field range from thermostat to receiver (868MHz)

7 day programmable, 6 programmable events per day
Large LCD display

TRANSMITTER

Power Supply 230V AC

Transmission Frequency 868MHz

Transmission Distance 100 Meters Open Field

Contact Rating 16A@250VAC

Dimensions 85mm x 85mm x 24mm

Component Supplied

4 x AAA's

Screws and wall plugs
