Sliding 4U Rackmount drawer

Rack-mounting systems are the ideal solution for efficient and organised use of space. This 19" 4U rack mount sliding drawer is ideal for non-standard sized equipment that needs to fit standard racks or just as a handy draw for ancillary parts or spares.

The rack drawer features a sliding drawer mechanism for smooth easy access. As standard the drawer is fitted with mains neon indicator; magnetic tamper switch and IEC connector. The drawer is finished in a black powder coat. Some units also feature screen printing with the customers logo and information labels for the fitted indicators.
