

# Innovative Wireless Security Products

The need for protection, security and safety is vital to our everyday lives. Not only for our valuables such as our homes, businesses and vehicles but for your staff too.

We are pleased to be able to offer a wide range of affordable systems & solutions to assist with your wireless security needs. All products have been thoroughly tested, as we pride ourselves on quality, performance and reliability.

## TOTALLY WIRELESS

The GM3GAD can be installed at any location. All that's needed is a mobile signal and the D'cell batteries take care of the rest.

## WHAT IT OFFERS

No restrictions on install location. Personalised vocal messages as recorded by you, for each of the 4 inputs. A text alert if the call is not acknowledged. Low voltage text alert if the batteries require changing.

## INNOVATIVE SECURITY

Working closely with manufactures across Europe and the UK; we already provide a great range of security products and services. If you have a requirement that you have not yet met, we can complete the R&D for you and produce products tailored to your needs.
