# STANDALONE MINI KEYPAD

## MTPADS MINI KEYPAD

Self contained  
surface mount  
small metal  
keypad with  
blue backlit  
metallic key  
buttons.

A robust IP rated compact keypad that is designed to operate in both internal and external environments.

The keypad incorporates blue backlit metallic key buttons and the resin potted electronics are contained in an elegant low profile surface IP65 aluminium housing.

It has an easy to follow programming menu allowing up to 99 unique access codes and the setting of the relay output time (including latch mode). The unit also includes an input to trigger the relay from a push to exit button

Both audible and visual confirmation is a standard feature to indicate when a correct or incorrect code has been entered and is also used to help navigate through the programming menu.

## Key Features Include:

- IP rated with backlit metallic key buttons;
- Easy to follow programming menu;
- Tamper switch connections;
- Can be used internally or externally;
- Push to exit button input;
- Program up to 99 unique codes (1-8 digits) and relay output time (including latch mode).

## Technical Specification:

- Input Voltage: 12-24Vac/dc;
- Current rating: 30mA (min.), 100mA (max.);
- Inputs: 1 push to exit input (switched 0V normally open signal);
- Outputs: R1 relay - C/NO/NC (2A at 120Vac/24Vdc), T1 transistor switched low output (100mA);
- Visible LED's: LED backlit key buttons: key 1 = green LED (R1 relay status), key 2 = red LED (T1 transistor status), key 3 = orange LED (key press & menu);
- Audible Signal: One internal buzzer;
- Codes: Up to 99 programmable codes (1-8 digits) to operate either R1 relay or T1 transistor switched output;
- Tamper switch connections: Yes (normally closed pair, pink/violet wires);
- Operating Temperature: -20°C to 50°C;
- Protection Standard: IP65;
- Dimensions (mm): 92(L) x 51(W) x 27(D);
- Housing: Moulded aluminium with blue backlit metallic key buttons;
- Cable: 3m, 10-core (AWG24) + earth.

Easy to follow programming menu to program up to 99 unique access codes.
